## IKO expands in Western Maryland

IKO, a Toronto-based global roofing and building materials manufacturer, held the grand opening of its new, state-of-the-art production facility in Hagerstown in May 2022. The 500,000-square-foot facility is a combination manufacturing site and warehouse and is the company's first Thermoplastic Polyolefin (TPO) manufacturing facility anywhere in North America, and its first new facility in the northeastern United States since IKO expanded to the U.S. in 1981. (IKO is also active in Texas, Washington, Illinois and Alabama.) IKO cited Maryland's strategic location and proven workforce in the decision.

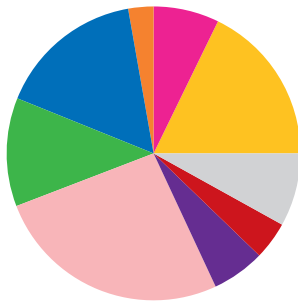

## Canada invests in Maryland

Exports to Canada support 17,200 employees in Maryland in addition to the 9,500 employees at Canadian-owned businesses across the state. Maryland exports \$3.5 billion in goods and services to Canada.

Canadian-owned companies, including **Sunrise Senior Living**, **Carrols Corporation**, **American Hotel Income Properties** and **Airboss of America**, are major contributors to Maryland's economy. They employ residents in every sector and contribute to the local economy by paying salaries and local taxes and purchasing goods and services in their supply chain.
